ELWIN C. CLOUGH,

Auditor

Westmoreland, Feb. 1st, 1926.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Westmoreland:

I hereby submit my first annual report as Superintendent of Schools:

Throughout the Westmoreland schools there are evidences of fine work started by Mr. English. I have tried to continue his policies while I have been getting acquainted.

TEACHERS

Westmoreland is fortunate in the quality of the teachers who are in charge of its schools. As a whole the value of their services is far above the salary received.

Following is the organization for 1925-1926.

	Pupils
Westmoreland Primary, Mrs. Alice McClenning,	22
Westmoreland Advanced, Miss Alice Charter,	16
East Westmoreland, Mrs. Harriet Coulter,	23
Westmoreland Depot, Mrs. Erdine Laurie,*	26
Westmoreland Corners, Mrs. Carrie Burr Paine*,	18

*New teachers.

Miss Charter was given leave of absence for 9 weeks during the winter to complete her Normal School Course at Keene. Her place was taken by a Keene Normal School Cadet.

The sad death of Mrs. Coulter in December of 1925 brought to an end the fine work she was doing in the East Westmoreland School. Mrs. Coulter's place was taken by a cadet teacher from Keene Normal School.

BUILDINGS

The building at Westmoreland Village, an excellent **two** room building is in fine condition. Through the efforts of the teachers money has been raised and a new sink purchased to facilitate the work of getting a noon lunch.

The Depot School is in rather poor condition. There is need of chemical toilets and more window space.

The building at the Corner needs chemical toilets and a jacketed stove.

The East Westmoreland School is in fairly good condition although in need of improved toilets. The foundation for this building was repaired during the summer.

HEALTH

A large number of pupils have lost school time this year through sickness, notably an epidemic of whooping cough at the Corner School. It has been the custom to have a medical examination of each pupil once during the year and any defects found reported to parents and teachers. This is an excellent arrangement in so far as it goes but, to my mind, is inadequate to take the best care of our children. I hope there may be some arrangement made, by joining with other towns, to have a school nurse for part of the next school year.

There are 18 children in the Westmoreland schools who have not been vaccinated or excused by a doctor. This should be attended to in the near future.

NOON LUNCHES

All the schools have been serving **hot noon lunches for the** children who bring their dinners to school. Canned vegetables and soups were purchased in quantity and distributed to the different buildings. These lunches have been an added burden on the teacher's time and much credit is due them. I believe something hot for the children at noon in the winter is very important and I hope the noon lunches may continue.

FINANCES

For the last few years there has been a steady increase in the number of Westmoreland pupils attending high school. This fact with a considerable increase in the tuition charge at Keene and Brattleboro has steadily increased the amount of money which must be voted at the district meeting for tuition (statutory obligation).

At the beginning of the year 1925-26 there were 24 pupils attending high school. This fact with the increase in the cost of transportation will cause a deficit for the year. This deficit should be provided for at the District Meeting.

The additional amounts necessary to spend for tuition and transportation will without doubt continue for another year and should be provided for by adopting an increased budget.

Other school costs are stable as far as they can be estimated at present.

May I say a word of appreciation for the cooperation of the teachers and the hearty support of the schools by the citizens of the town. The aid and advice of the School Board have been of great help.

Respectfully submitted,

WILLIAM SLADE, JR.

Superintendent of Schools.

IN MEMORIAM

In the death of Mrs. Harriet Coulter the town of Westmoreland loses one of its most effective and influential teachers.

The moral influence this teacher had in the classroom was remarkable and the town wishes to gratefully acknowledge their indebtedness to her self denying work in the mental and moral training of her pupils,—in character building the goal of a teachers work.
